

# Move Out Checklist

Start putting out as much garbage as possible now, so it is not all left to the move out date.

Remove all debris and personal items in backyard.

Empty Garage (if applicable).

Clean Bathrooms. Don't forget items under sink!

Remove all posters and anything on walls.

Clean out kitchen, including fridges and cupboards. Don't forget to check drawer under oven.

Clean out laundry room. Take lint out of dryer.

Please remove all furniture. You can sell it on Kijiji, or ask us for incoming tenants' contact information to make arrangements.

If selling any furniture to incoming tenants, tape "SOLD" note to each piece of furniture so we know not to touch it.

Leave bedroom keys in doorknobs. If applicable, leave mailbox key on kitchen counter.

Call utility providers and cancel for April 30th. No sooner please, as this will create a large installation fee for incoming tenants. Pay it forward to incoming tenants :)

Turn heat off.
